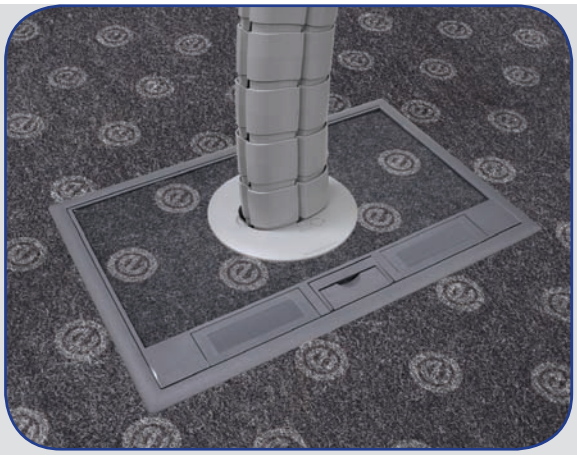
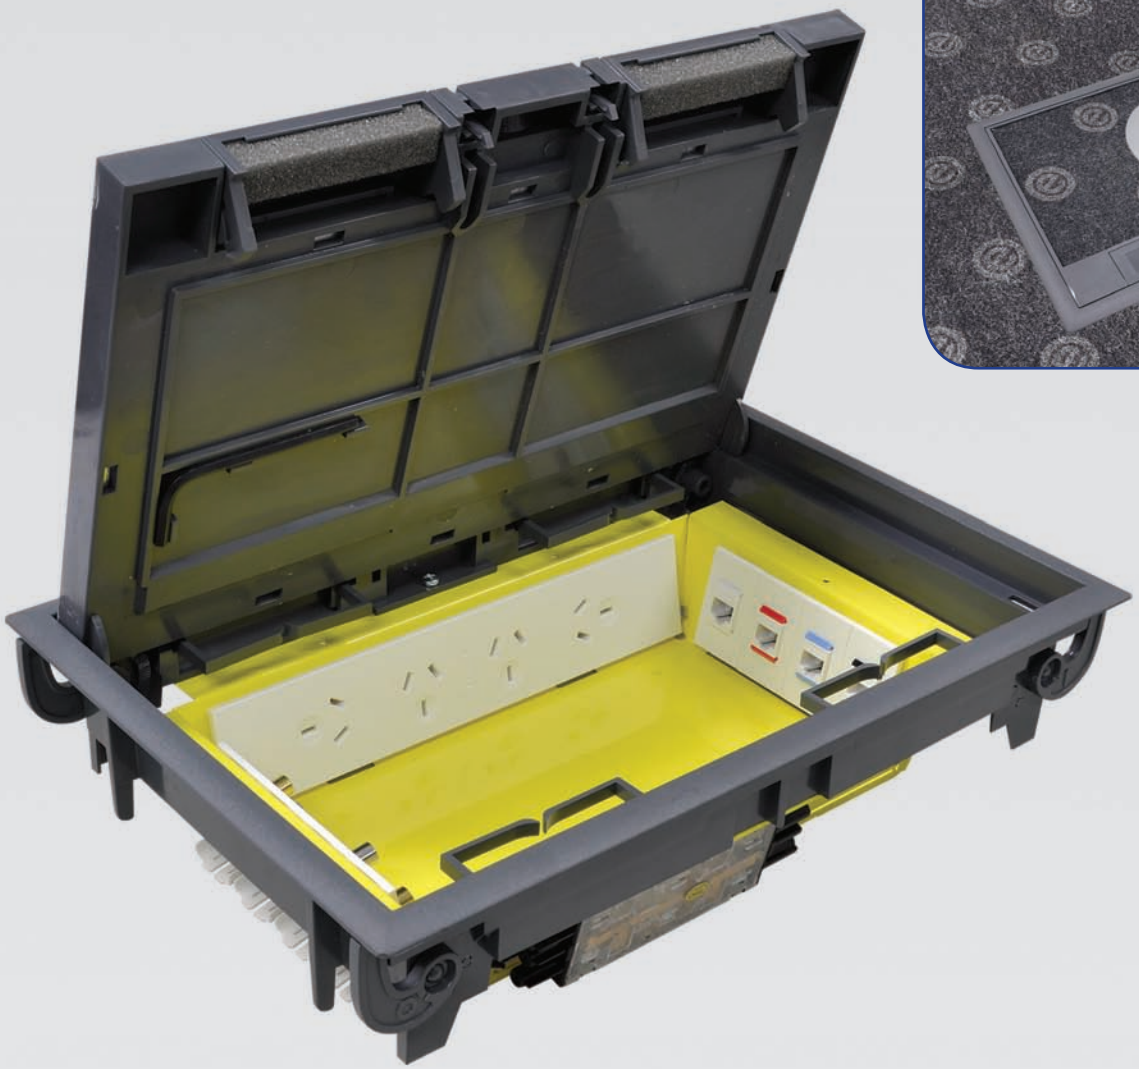
## Fast & Easy Installation

The Elsafe CONDOR Floor Box provides an excellent solution for power, data and AV requirements in open spaces. Providing services directly to work stations, conference and training rooms, where other access is not practical. The CONDOR Floor Box is designed for use in concrete floors, raised access floors, wooden stage floors and computer floor applications. The CONDOR Floor Box design allows room for cables to be stored within the box when not in use and the recessed lid permits carpet or tiles to be installed to discretely merge it with its surroundings.





Version: 2011.10.07.

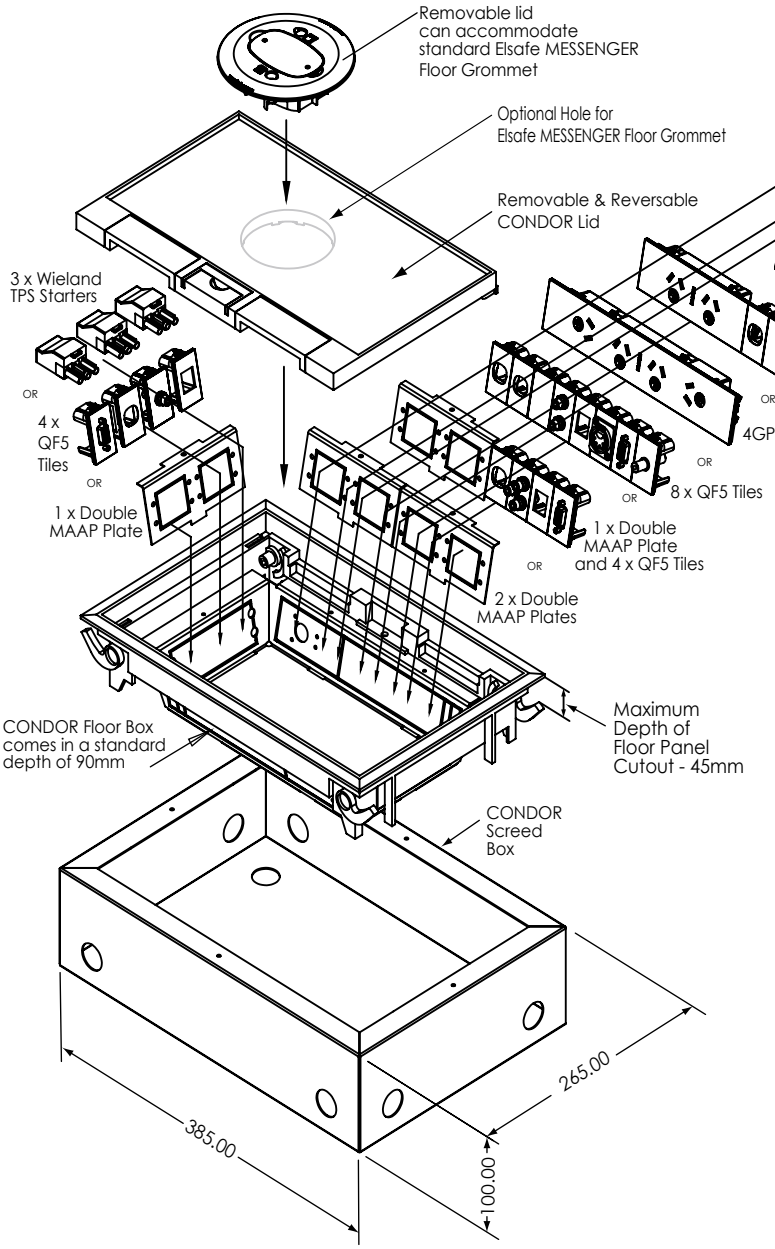
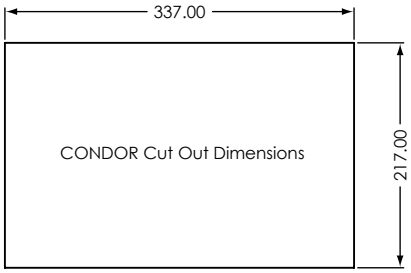
QF5 Tiles to provide Data and AV solutions



Version: 2011.10.07.

## Features

- The quick and easy (patented) cam and ratchet design allows for fast and easy installation.
- The reversible lid eliminates cable strain.
- Simple removal of the lid provides easy access for carpet fitting.
- The 4 inside walls of the CONDOR are designed to accept many options including 20A starters, 2 or 4 GPO's and a range of Data and AV fittings in QF5 Tiles.
- AV plates that accept 2 x double MAAP plates can also be fitted to allow for on-site AV installations.
- The GPO's can be hardwired or soft wired to provide design flexibility.
- The CONDOR floorbox has been designed to be reusable, relocatable and can be easily retrofitted with Elsafe's many options.
- Optional extra: for high volumes of cable that require distribution in a controlled method a MESSENGER Floor Grommet can be inserted into the CONDOR lid.



## CONDOR Screedbox

The CONDOR Screed box provides a method to prepare for floorbox installation at the time of construction. This eliminates the inaccuracies associated with boxing in timber or blocking with foam, the screed box can be installed with the conduits and wiring in place before the pouring of the concrete slab. The screed box is supplied with a protective lid to stop concrete ingress and is removed to install the CONDOR floorbox at a later stage. Alternatively the CONDOR Screed box can be cut into the existing concrete floor slab.
