

Fast & Easy Installation

Introducing Elafe's new floor mounted Power and Data solution, SWIFT.

The SWIFT surface mounted box provides an excellent solution for your power, data and AV requirements in open spaces. Providing services directly to the workstations, conference and training rooms where floor boxes are not possible or desired.

The simple yet clever design of the SWIFT allows for the installation of standard Elsafe QIKFIT series GPO's and data/AV tiles as well as industry standard wall mounted plates.

The compact SWIFT has been designed with a tool-less "easy lock" movable internal data barrier which can be adjusted to suit required data cable bending radii. The SWIFT has been designed with a brushed stainless steel finish to fit in with the most stylish office environment.

Industry Standard Wall Plate

Wieland GST Starter Plate

Elsafe GPO / Data & AV Plate Options***

QF25 2 GPO AUTO-SWITCHED

QF25 2 GPO MANUALLY SWITCHED

QF5 Tiles to provide Data and AV solutions

Features

- The design of the SWIFT floor mounted box allows for quick and easy installation.
- The SWIFT is ideal for situations where power and data/AV is required in open spaces where a floor box solution is not possible or desired.
- The SWIFT has been designed to allow for an array of Elsafe components to suit your specific installation including the ELSAFE standard QF25 manually or auto switched GPO's and a range of Data and AV fittings in QF5 tiles.
- The SWIFT has also been designed to accept industry standard wall mounted GPO's and industry standard data bezels to accept RJ45 data jacks.
- Elsafe GPO's can either be hardwired or soft wired to provide design flexibility.
- The multifunctional "snip to suit" plates act as both mounting for the desired components or as internal power/data segregation.
- The multifunctional "snip to suit" plates are easily movable and replaceable, and lock in place without the use of screws or tools.
- Stylish Brushed Stainless Steel Finish

Plate Options

** Industry Standard Wall Plate / Data Barrier
