

POSE is a unique and versatile solution from Elsafe for providing a conveniently locatable power or USB charging socket in casual seating areas. POSE is supplied as standard with the flexible chrome gooseneck attached to a weighted base but can also be ordered with bespoke fixings for mounting direct to furniture, seating or even hospital bed frames.

POSE can be supplied with either a black or grey socket fascias, black or white socket housing and to add a distinctive finishing touch, the white socket bezel can be ordered in black or any of the Pulse-8 vibrant colours!

Common Modular Components:

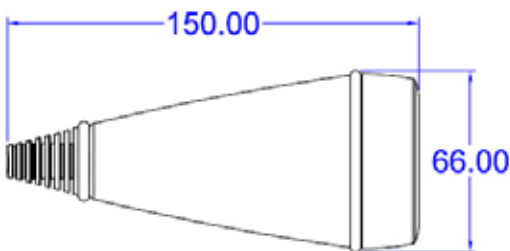

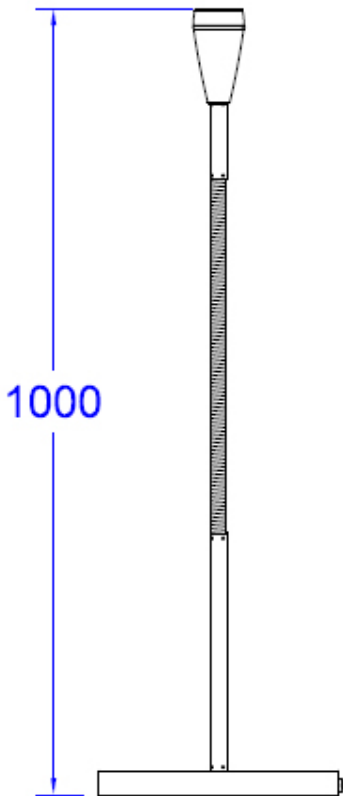

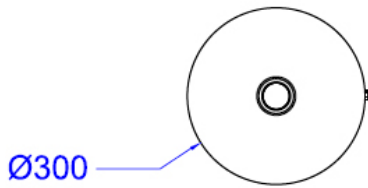

Australia / New Zealand

TUF 5A USB Charger (Power Only)
